PURPOSE AND EFFECT OF ZONING BY-LAW 1007-2026

The purpose and effect of Zoning By-law 1007-2026 is to amend the site-specific Zoning By-law, with a holding provision, at 2180 Lawrence Avenue East, to permit the development of four buildings: a 21-storey residential building (Building A); an eight-storey mid-rise residential building (Building B); a seven-storey mid-rise residential building (Building C); and a six-storey mid-rise residential building (Building D). The proposal contains a total of 488 dwelling units, with a total gross floor area of 26,646 square meters, including 467 square metres of non-residential space. The application maintains approvals secured through the 2018 and 2021 site-specific Zoning By-law Amendments, including the 21-storey maximum height for Building A and the Privately Owned Publicly Accessible Space, while providing a larger on-site parkland dedication.
